### TREASURES FROM OUR TRADITION

You need more than water for a bath. Most family bathrooms contain an arsenal of soaps and emollients, lotions, shampoos, and conditioners to combat grime and honor the body. A bath without oil is still unthinkable.

No wonder early Christians used lavish amounts of oil to “paint” the skin of people drawn dripping wet from the baptismal font on Easter. There were two oils used in baptism long ago. “Oil of exorcism” protected candidates from “evil spirits”; it strengthened their resolve and purified their purposes. The second oil, slathered over them after baptism’s bath, “sealed” them, making them like Christ, the anointed one, the priest, the prophet, the king.

Chrism has always had a powerful odor; rich resinous perfumes are stirred in before it is consecrated. As the newly baptized were embraced by new brothers and sisters in Christ, the scent permeated the hall of Eucharist, a sign of our connection to Christ and to one another.
